

23-24 MARCH 2013  
VADODARA

## TB - Back to the Basics

Simple and yet so complex. Obvious and yet so deceptive. One and a half power packed days on 23 and 24 March 2013 entirely dedicated to Tuberculosis. Errors in management, revisiting drug therapy, choosing and interpreting DSTs, planning MDRTB regime, myths and controversies - all this and much more to be discussed by top experts of the country
